19. (REQUEST FROM THE CITY OF LONG BEACH FOR AUTHORIZATION TO SPEND TIDE-  
LANDS TRUST FUNDS FOR SUBSIDENCE CONTROL ADMINISTRATION - W. O. 2323.4.)

The Executive Officer informed the Commission that Mr. S. M. Roberts, Director of Finance of the City of Long Beach, wished to make an unscheduled verbal presentation with respect to projects under way on behalf of the City of Long Beach in connection with its subsidence control program.

Mr. Roberts asked that the Commission take under advisement the question of use of tidelands funds for equipment and installations for its repressurization program, based on a written request dated February 11, 1958, which had been submitted to the Executive Officer.

Mr. Roberts then asked that Long Beach be authorized to use \$40,000 between February 11, 1958 and June 15, 1958, for financing administrative expenditures in connection with its subsidence control program. The Executive Officer recommended that this request also be given staff review for determination as to legal sufficiency, with a report to be made back to the Commission at the earliest possible date.

The Chairman pointed out that Governor Knight had announced a special session call of the Legislature to consider subsidence legislation. Therefore, it appears to be in order to take the requests made by Mr. Roberts under advisement, for the purpose of referring them to the staff for study and report.
